That's the Look.  
Typewriter Athletics.  
More Marriage. More Room.  
New Life is Wasted.

BY ARTHUR BRISBANE

The "jobless" look appears once more here and there. It is an unpleasant look caused by many reasons and worn by those seeking work. It reflects worry at home, poor prospects ahead.

The period of unemployment has come. Fortunate are those who saved part of the wages when good wages were so plentiful.

The most interesting and important athletic performance of 1920 has nothing to do with the Olympian games in Europe, with any running track, football or baseball field. It was the performance of a young man, George L. Hoesfield, of Philadelphia, who won the world's championship for fast typewriting, averaging 127 words a minute for sixty consecutive minutes.

This means that the champion mental and physical athlete of the typewriter executed with his fingers fifteen movements per second, for thirty-six hundred consecutive seconds, in addition to other movements necessary for spacing, inserting new sheets of paper, etc.

There could be no more remarkable athletic achievement than reading written words and putting them down on paper at such extraordinary speed and evenness. In all the writing of an hour there were only fifty-four errors, for each of which ten words were deducted from the winner's record.

That the efficient optic nerve should take to the brain the words to be written and the efficient nerve should take from the brain to the hands the orders to be executed at the rate of fifteen movements to the second is marvelous. High jumping, shot-putting, hurdle racing are nothing to it. Tennis, typewriter athletics is useful.

In Palestine, thousands of acres, now barren waste land, are to be made fertile by irrigation, and thus enable of workers will be employed and every dollar paid to them will come back in cash and crops tenfold. There is a suggestion for the United States government that sees lack of employment creeping on, and does nothing.

The housing problem is illustrated in figures. One million weddings in the United States last year and only seven thousand new homes built. The United States, it seems, is the only nation in the civilized world that has ignored housing as a national problem.

However, the marriages have helped the problem. After marriage two can live in one room, which releases a room for another couple. Perhaps the administration calculates that if you have enough marriages you will have enough rooms.

The death of Joseph Murphy, only twenty-five years old, a famous young athlete, second of the hunger strikers in Cork to die, reminds the world that I should think more seriously about deaths, not dramatic, but that could be avoided. Joseph Murphy was one of fifteen children. Now that he is gone, only five of them are left alive. Nine of the fifteen died deaths that represented waste, useless suffering and devotion on the part of their mother. There is constant loss of life and waste of effort to which neither government nor healths pay attention.

Americans have leased four hundred thousand square miles of Siberian land from the Bolsheviks. On that land they will develop coal, fisheries, oil. This seems better than starving Russians with a blockade.

It is to be hoped that when Mr. Harding is President, next March, this country, having made peace with Germany, will say to Russia: "You ran your government your way, we shall run ours our way. May the better nation win. Meanwhile, we shall trade with you and the United States will cease a blockade that starves the weak in Russia and interferes in no way with the comfort of Bolshevik rulers."

**Women Members of League to Serve at the Polls on Tuesday**

The temporary organization, known as the Committee of Fifty, composed of women interested in civic affairs, and the voting of all white women next Tuesday, has been made permanent, the name Women Citizens' League being chosen at the meeting Thursday evening, Mrs. Geo. N. Chamberlain being elected first president of the organization.

It was decided to place forty women at the polls on election day, to look after the wants of the women and to see that the entire vote is out on Tuesday.

Making the league of women voters permanent means that they intend to be recognized with in city and county politics in the future, an element which will mean a great deal in the political life of Daytona and Volusia county.

## High School Students Show Majority Are Democrats; Practice Voting Held Today

In order to instruct the students in voting the High School pupils of the Daytona schools today participated in a moot election, and the results of the ballots, which were taken just after morning chapel exercises showed a decisive Democratic majority.

The voting was conducted by L. R. Reynolds, secretary of the Y. M. C. A., under whose auspices the balloting was taken, and ballots were given by all of the teachers as well as the pupils.

The Democratic presidential candidates received 78 votes as against 41 for the Republican electors. The Prohibitionist electors came in for 3 votes, while the Socialists received only 1.

For United States senator, Duncan E. Fletcher, the Democratic nominee, received 75 votes, while John M. Cheney, the "old line" Republican candidate, received 24 votes. Dr. G. A. Klock, the "Lily-White" Republican nominee, fared better and received 41 votes.

Congressman Joe Sears got 76 votes as against 41 for the Republican nominee, Cary A. Hardee, the Democratic nominee for governor, received 78 votes as against 41 for the Republican nominee. For state offices the Democratic vote appeared to be solid and remained at about 78 all through the tickets, showing that the electors are conversant as to who are the nominees of the various parties.

When it got down to the county ticket, Putnam and Sams as the Democratic nominees for members of the House of Representatives received the solid 78 Democratic votes, while the Republican nominees, D. E. Lyon and J. H. Donnelly, received 16.

On the sheriff's race, Morris received 74 votes and Galbreath 57. The only other opposed office was for member of the County Board of Public Instruction for District 3, Howard T. McClellan, the Democratic nominee, received 80 votes as against 43 for Harriet M. Longdon, the Republican nominee. Voting will be held at the Deland and New Smyrna schools this afternoon.

Mrs. E. N. Coffin returned last night and is occupying her winter home on South Beach street. Mrs. Coffin has been enjoying a summer stay in Omena and other points in Michigan.

He held up a woman clerk with a revolver.

FIRST FIGHT OVER M'SWINEY'S BODY; MOURNERS WON'T GO TO CORK WITH BODY

(The Associated Press.)

HOLYHEAD, Wales, Oct. 29.—The shipment of Terence MacSwiney's body direct to Cork was preceded by a violent scene between officials and mourners who wanted the body taken through Dublin where a demonstration had been planned.

After a fist fight, officials got possession of the body and placed it aboard a steamer bound for Cork.

The mourners refused to follow the body and are going to Dublin.

Body Reaches Cork  
(International News Service.)  
CORK, Oct. 29.—Bearing the mortal remains of Terence MacSwiney the steamer Rathmore arrived here early this afternoon. On account of the refusal of the Cork pilots to bring the vessel up the Lee river, the coffin was landed at Deepwater Quay, Queens-town, on the eastern shore of the Cork harbor.

Town Clerk O'Reilly and Bishop Brown at Queens-town refused to receive the body, declaring, as the British took the body from relatives, it was their duty to return it to relatives.

The coffin was placed aboard a tug and removed to the Cork side of the harbor.

Queens-town was filled with British soldiers when the Rathmore docked. The streets are patrolled by troops with fixed bayonets.

PRESIDENT TELLS COX HE HOPES HE WILL WIN TUESDAY; CONGRATULATES HIM

(International News Service.)

WASHINGTON, Oct. 29.—President Wilson today addressed a letter of congratulation to Governor Cox on his campaign and expressed hopes for the success of the governor.

He signed the letter "Your grateful and loyal supporter." In the letter the President said: "You have spoken truly and fearlessly about the great issues which are at stake and I believe you will receive emphatic endorsement of voters throughout the country."

Admiral Cox Course  
(The Associated Press.)  
WASHINGTON, Oct. 29.—The President wrote Governor Cox today expressing the hope that under Cox's leadership "we will carry the policy of the national government forward along the path of liberal legislation and humane reform until the whole world again sees an illustration of the wholesome strength of democracy and the happy fruit of what the founders of the Republic proposed when they set this great government up." He said he had followed Cox's course throughout the campaign with "admiration" and expressed the belief that the governor would win.

"HARDING WILL GET LARGEST MAJORITY EVER CAST"—HAYS

(The Associated Press.)

NEW YORK, Oct. 29.—Will Hays, chairman of the Republican National Committee, today issued a statement saying that an official Republican survey indicates that Harding and Coolidge will receive the "largest popular majority ever cast" in a presidential election.

Democrats Say They Will Win  
(The Associated Press.)  
NEW YORK, Oct. 29.—Democratic Chairman George White today said the general political situation points unmistakably to a Democratic success, and said the Republicans are demoralized from the Canadian border to the Gulf and from the Atlantic to the Pacific. Their forces are in full retreat everywhere.

## DEMOCRATIC STATE EXECUTIVE COMMITTEE, 709-715 HARTMAN BUILDING, COLUMBUS, OHIO

Hon. Duncan U. Fletcher, Jacksonville, Florida.

Dear Senator:

On arrival in Columbus, Ohio, in connection with the speaking tour through Ohio and the Middle West, I was astonished to learn through my friend, Hon. W. W. Durbin, of Columbus, the chairman of the Democratic State Executive Committee of Ohio, that a negro journal, The Toledo Pioneer (a copy of which is enclosed) is urging race equality and urging negroes to unite at the polls.

This, of course, strikes at the very heart of white supremacy, and it is current knowledge here in the Middle West that if Senator Harding and the Republicans triumph an effort will be made to pass a Force bill, which will mean Federal bayonets to supervise southern elections.

Senator Harding's recent speech to the negroes at Marion, Ohio, has greatly encouraged them in this, so much so that William M. Trotter, colored editor of the Boston Guardian, in his recent address on "A Christian Government" before the Baptist convention at Memorial Hall, said:

"It is an abuse to teach the black American he is too low down to dare have trouble with a white man and get court trial; too inferior to have authority over or with white men in government; too inferior to have a hotel room; to have a shave, to have a theater seat or a meal in a restaurant where other people get these accommodations."

"Such abuses and separations deny the Christian principles of equality and brotherhood and the oneness of the white and black races."

This Presidential election means everything to the South, and I urge you as a high-minded and splendid representative of your great commonwealth to become active in explaining to your people just what Senator Harding's triumph would mean in robbing the South of her most cherished birthright, Anglo-Saxon supremacy.

You will remember that Senator Henry Cabot Lodge introduced the Force Bill in the House of Representatives in 1889 and secured its passage in that body, but it was defeated in the Senate by the filibuster of great southern and some fair minded western senators.

I am so thoroughly aroused myself that I feel it is my duty to inform you just what the situation is.

With sentiments of highest personal regards, I am,

Your friend,

CHARLES H. BROUGH,

Governor of Arkansas.

DON'T BE DECEIVED BY VAPORINGS

\*\*\*\*\*

The editor of the Morning Mud Puddle, instead of answering the questions asked by the Daily News, proceeds to his usual vaporings and devoted a column this morning to ridicule of the editor of the Daily News. Being the mouthpiece of the political gang that has for some time attempted to dominate politics in Daytona and vicinity by control of the negro vote, (having long since lost control of the intelligent white people) and being owned by that bunch, body, soul and mind, there is little else for the Morning Mud Puddle but resort to ridicule and billings-gate.

People as a rule have little confidence in what the Morning Mud Puddle says, knowing that its sayings are not actuated by any good and that its advice is not for the good of the people but for the few who dominate, his every act. The Daily News dislikes to participate in any newspaper controversy, but fearing that some of the few readers of the Morning Mud Puddle might be misled by its vaporings, will endeavor to explain the law a little more fully than was done in yesterday's issue. It is not to favor any particular candidate that this information is given, for the Daily News owes allegiance to none of them. But the "political gang," with the editor of the Morning Mud Puddle as the tail of the kite, has endeavored to throw fear into voters that they will be debarred from voting in the next Democratic primary if they vote for Galbreath for sheriff next Tuesday.

"The brilliant legal mind which presides over the editorial destinies of the Evening News" is willing to admit the profound learning and educational qualifications of the side-stepper and cuttle-fish who is trying to mislead the voting public by articles appearing in the editorial column of the Morning Mud Puddle.

It is the purpose of the News to give such information to the public as can be relied upon, and the law as it reads was given in the issue yesterday.

It may be true that the definition of Party as expounded this morning is the one that Webster had in mind when he compiled his wonderful work. But our friend Noah had no voice in the definition of the term "political party" as established by our Legislature in Chapter 4489 of the Laws of Florida. So, we have not only to do with the word "party," but must add to that the word "political," in considering the rights of an elector in casting his ballot next week.

The oath that an elector has to take upon being challenged is that he did not vote for the "nominee of any OTHER party," and, as there is no other party in the state (the Supreme Court having so held), such oath can be made consistently by an elector who has placed a cross mark before the name of any candidate appearing on the ticket. If the oath to be taken provided that the challenged elector had voted for the nominee of the party to be then voted for, i. e., "and at the last general election I did vote for the nominee of the Democratic party," there would be such a difference as might disqualify such voter who had previously cast his ballot for a person or candidate other than the regular nominee of the Democratic party.

The editor of the Morning Mud Puddle knows the above statement to be true, or why did he support and vote for Catts for governor when he knew that Knox was the nominee at that time? why did those others, who are so loud in proclaiming that a vote for Galbreath will disqualify you, vote for Ed. Smith against Lee Morris, when Morris had been declared the nominee of the party?

Don't be deceived, or frightened, by all the political bombast you read in the morning paper. Go to the polls and exercise your franchise as your CONSCIENCE dictates, and have no fear of being unable to cast a ballot as you please in the future.

## KAUFMANN WILL HELP INVESTIGATE ALLEGED BUILDING COMBINATION

(The Associated Press.)

WASHINGTON, Oct. 29.—Attorney General Palmer today appointed Joseph Kaufmann special assistant to the New York district attorney to conduct a federal investigation into the alleged combination in building material market there.

## BRITISH MINERS GET ALL RAISE THEY ASKED FOR; 48 CENTS PER DAY

(International News Service.)

LONDON, Oct. 29.—Although the Welsh coal miners are still hostile, it is the belief expressed in responsible quarters today that strikers throughout the British coal fields will ratify the agreement reached by the government and the Federation of Miners.

A referendum vote will be held Tuesday and the result will be known about 24 hours later.

If the terms are ratified 1,200,000 miners may return to work Thursday or Friday.

Secretary Hodges of the Federation of Miners today outlined the chief points of the agreement. The miners receive an increase of 48 cents per shift, boys 24 cents, with a sliding scale of adjustments which will be inaugurated based on the output compared with the September mine production.

A permanent wage board will be established in March. The executive miners of the Federation have recommended that the men vote to end the strike.

Judge Fish explained that contrary to a general belief a voter does not vote directly for a presidential or vice-presidential candidate, but instead votes for presidential electors, the number from a state being equal to a total of the two houses of Congress. Each state and the District of Columbia has a certain number of electors, totaling 534.

What a voter actually does is to elect the president and vice-president in a vote for the presidential electors representing the particular party in which the voter is interested. The electors, 534 in all, who will cast the vote that elects the president and vice-president, will meet in each state on election day to elect the president and vice-president.

The reason for this is that it is not until after they go to bed on election day that it is actually certain that each state will elect a presidential elector.

YOUNGSTON, O., Oct. 29.—Governor Cox met the Republicans on their own ground today when he undertook to combat the insinuation that people want a change in government.

Coupled with the prediction of evil things that would follow Harding's election, he charged that the opposition leaders are stooping to a "creed of poisonous hate" against President Wilson, "a strikers' victim of the war and unable to defend himself."

To create sentiment for a change, says Cox, the persistent effort is being made. Cox declared that it is getting into the minds of the public an impression that Wilson rather than Cox is the candidate in order to divert attention from the vital issue, the League of Nations.

Cox spoke here this morning and will speak in Akron tonight, where he will reply to the Harding statements about his being "unemployed and unboasted."

Harding Disapproved Cartoon.  
(The Associated Press.)  
CLEVELAND, Oct. 29.—Senator Harding said he emphatically disapproved of a cartoon published in Harvey's Weekly picturing Cox attempting to hand a portrait of Uncle Sam with the heart of the government inscribed "Professor Wilson League of Nations the immaculate conception."

He said he was sensitive about giving offense to religious reverence and asked for the suppression of the cartoon, which was made by a syndicate which has done work for the Republican committee.

Roosevelt Appeals.  
(The Associated Press.)  
NEW BRUNSWICK, N. J., Oct. 29.—Franklin Roosevelt appealed to voters here last night to "think twice before casting ballots away from the Republican and Democratic parties" and said to remember that Harding is reactionary and Cox progressive.

HYDROPLANE RACE IN MIAMI  
NEW YORK, Oct. 29.—The second hydroplane race for the Carl Fisher trophy will be held this winter at Miami, the American Power Boat association announced today.

Supreme Court and if the conviction is sustained, he will have to go from the Senate to the penitentiary.

Newberry continued to attend meetings of the Senate after his indictment, but, following his conviction, he stayed away but he didn't resign. He is still entitled to draw his salary.

W. J. Braddock is  
To Open New Sub-  
Division on Beach

A new sub-division, in Daytona Beach, which gives promise of being one of the most attractive on the peninsula, will shortly be opened up by W. J. Braddock, who has purchased seven acres of land immediately south of Marshall Park, between that residential park and Oliver Terrace, and will improve and beautify the land.

Mr. Braddock, who was formerly vice-president of the First National bank of Daytona and connected with the First National company, will devote all of his time to the promoting of the new sub-division.

The land will be cleared and graded as soon as contracts are let for the work, and Mr. Braddock will commence the erection of a home on the property at once, selling the building lots as they are cleared and ready for building.

The sub-division will extend the entire distance from Peninsula Drive to Atlantic avenue, on the peninsula, and affords hundreds of large building lots most advantageously located, between the Concrete and South bridges, connecting with Daytona, and situated close to both the river and ocean.

Mr. Braddock's new sub-division, it is planned, will be one of the most attractive building propositions offered at this time.

J. R. Hill Back  
After Absence  
of Two Years

J. R. Hill, at one time the leading merchant of Daytona, but who many years ago retired, arrived in Daytona last evening from his summer home at Hendersonville, N. C., accompanied by his daughter, Miss Mildred Hill, and they are comfortably located at the Bethel apartments on North Ridgewood avenue. Mr. Hill has been a constant winter visitor to Daytona for many winters until the past two seasons when illness caused him to forego his customary visit. Mrs. Hill died suddenly the twelfth of last May and the many friends of the family in Daytona will this afternoon miss her pleasing personality. Twenty years ago Mr. Hill conducted the business where now stands the big Anthony Bros. store. He sold the business to the late J. A. Hendricks, which afterwards became the Peck-Hendricks company, which company in turn sold to Anthony Bros. last year.

Gene Johnson Has  
Some of New Coins

Gene Johnson, the bicycle man, is in possession of a couple of the new Pilgrim half dollars, which he has obtained from a Jacksonville bank, and which are among the few in this section of the country. The new coins represent the Tri-Centennial celebration of the landing of the Pilgrim Fathers in this country, and there is only a small allotment being made.

The coins are on display in the window of the North Beach street store of Mr. Johnson where they can be seen by those interested.

LATEST NEWS OFF  
THE TICKER FROM  
NEW YORK MARKET

(Dow Jones Service.)

The New York Times stated this morning that a bid of \$1,000,000 has been offered at 10 to 1 odds that Senator Harding will defeat Governor Cox next Tuesday.

The New York Herald states that \$60,100,000 was paid by the Democratic national war administration for powder, with no output, and was sold for \$8,551,000, while \$115,000,000 was expended for nitrate and none used.

Gomez Morin, secretary to Mexican finance minister, now in New York, believes his government will shortly resume the payment of interests on its debt and says no new borrowing is contemplated for the immediate future.

The Standard Oil of Indiana stock dividend of 150 per cent is the biggest Standard Oil distribution in recent

years and the largest payment by this company since 1913 when it declared a 2500 per cent stock dividend, increasing its stock from \$1,000,000 to \$25,000,000.

Gold shipments from the United States to Japan during October will amount to about \$13,600,000, compared with \$11,500,000 shipped in September, August and July.

Bethlehem Steel plants are operating at about 80 per cent with orders on books as of Sept. 30 valued at \$195,500,000 against \$251,400,000 Jan. 1st, regular common dividends declared.

Thompson & McKinnon stock letter says: "President Willys, of the Willys-Overland company, unwittingly publishes a very bearish argument on the motor industry. He says that the automobile manufacturers last year turned out fourteen completed machines every minute of every working day in the year. And presents the same proposition in another form by showing that in five years there has been an increase of 750 per cent in production. This is merely one of many lines that have over-expanded and should now take a rest to permit the country and the public demand to catch up. In Connecticut, one industrial company lays off 1800 men, another lays off 2500. Copper makes a new low. Steel companies looking

for business and money is still high. Many hope that the election will change all this. Let us hope so, for a change is surely needed."

## NEW LOCAL TRAIN SERVICE IS PUT ON BY THE F. E. C. R. R.

In order to more efficiently handle the passenger traffic between Miami and Jacksonville on the East Coast, the new train, designated as 35-36, will be placed in service, the first train, No. 36, northbound, to pass through Daytona Wednesday morning at 4:42, and each succeeding day No. 35, southbound, will reach Daytona at 8:58 p. m. each day.

The additions of trains 35 and 36 makes possible the leaving of Daytona and surrounding points early in the morning, spending the day in Jacksonville and returning just before nine o'clock in the evening. All local stops will be made by the new trains, while Nos. 37 and 38, under the new schedule, will omit many of the smaller stops.

## Boys Will Attend Y. M. C. A. Meet in the Magic City

Secretary L. R. Reynolds will take 12 New Smyrna boys, members of the county Y. M. C. A., to Miami the end of next week, to attend the third annual Florida Older Boys' Conference, which will be conducted by the Florida state organization in that city, Nov. 5, 6, and 7.

Only boys of 15 years or over are eligible to attend the state conference, of which there are three this year, the one at Miami first, followed on Nov. 12 by a conference at Ocala, at which some 25 boys from all of Volusia county will attend, and a third meeting will be held the following week at DeFuniak Springs.

Mr. Reynolds will have charge of the high school section at the Miami conference, at which several banquets will be given, a list of excellent speakers will address the boys, free entertainments will be in order and many athletic meets, etc., enjoyed by the boys who will attend from all parts of the state.

A list of the boys attending the Miami and Ocala conferences will be published within a few days.

## LIGHT FROST IS PROMISED NORTH FLORIDA TONIGHT

The cold spell which struck Daytona, as well as the entire South, last evening was eased somewhat today by bright and warm sunshine, but the weatherman doesn't hold out a great deal of promise for warmer weather tonight, but Saturday, he says, will be warmer in this section.

Daytona was caught unawares last evening, after a week of extremely hot weather, and some people shivered, unprepared for the cold snap.

While frost did not extend as far south as Florida last evening, today the weather man says: "Fair tonight and Saturday, except probable showers in extreme south portion of state with probably light frost in extreme north portion tonight. Slightly warmer Saturday in north and central portions, moderate to fresh north to northeast winds."

Dispatches from Rochester, N. Y., today say that city had its first snow fall of the season today. It Atlanta 38 degrees was registered, with a light frost this morning.

Keep Your Blood in Good Condition and You Throw Off Disease

PAY ATTENTION TO YOUR HEALTH

No Need to Take Chances with It. Pepto-Mangan Makes Rich, Red Blood

When you first feel a tired, all-gone feeling and look pale, your blood is losing in quality. Weak, impoverished blood has no power to fight disease. It takes red blood to keep you well.

If you keep your blood in good condition it will fight off disease. You will not be such an easy prey to long and expensive sicknesses. With thin blood you take chances every day.

There's no need doing that. You can take Pepto-Mangan and build up rich, red blood. With red blood you are able to win in the fight against prevailing diseases. Try Pepto-Mangan. It comes in tablet or liquid form. Take either kind. The tablet has the same medicinal value as the liquid. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the name, "Gude's Pepto-Mangan," is on the package.—Adv.

## GALBREATH, INDEPENDENT CANDIDATE FOR SHERIFF, EXPOSED BY COUNTY CANVASSING BOARD

Galbreath's Unfair and Libelous Attack on County Judge J. Lee McCrory, County Commissioner John A. Reilly, and Former Supervisor of Registration I. C. Hughes, the County Canvassing Board, Resented and Proven False.

TO THE VOTERS OF VOLUSIA COUNTY:

Our attention has been called to a paid political advertisement entitled "Why Mark Galbreath Is a Candidate." In this communication he seems to have an especial grievance against the County Canvassing Board, composed of J. Lee McCrory, as County Judge; John A. Reilly, as Chairman of the Board of County Commissioners, and I. C. Hughes, as Supervisor of Registration for Volusia County. He complains because four or five votes, which were cast under what is known as the "Absentee Voters' Law," were not counted by the County Canvassing Board. These envelopes have never been opened, and none can say how the ballots enclosed, if there are ballots enclosed in the envelopes, are marked, if they are marked at all. On two of the envelopes there is nothing to show that it is an absentee vote at all, the only reason that the County Judge believed that it might be an absentee vote is the fact that it is enclosed in an envelope on which is the address of the County Judge of Monroe County.

The Acts of the Legislature of 1917, with reference to this matter, on page 243 says:

"That the ballot shall, together with the affidavit, be securely sealed in an envelope, upon the back of which one of the inspectors of election shall write, 'The ballot of ..... absent voter of ..... Precinct, in the County of .....,' which shall be signed by the inspectors of the election."

Not one of the envelopes in question were signed as required by the statute above quoted, and there was clearly nothing that the County Canvassing Board could do except to refuse to open the envelopes, and accordingly the envelopes are still in the office of the County Judge unopened.

In the letter of Galbreath, after discussing the absentee voters' law, he says, "Having exhausted every means at my command to persuade the Canvassing Board to give me credit for these votes, and having failed, there was nothing for me to do but to go into the Courts."

We have examined the report of the proceedings that went to the Supreme Court, for the reason that we were parties to that proceeding by virtue of being the County Canvassing Board, and Galbreath, at no time in that proceeding, or in any other proceeding in the courts, has attempted to have these absentee votes counted. He knew, as well as his lawyers knew, that the ballots were illegal, and that the County Canvassing Board could not count them. If he or his attorneys had thought otherwise, would they not in the same proceeding in which they endeavored to get the five votes, supposed to be in the box at New Smyrna, counted, have also endeavored to have those supposed absentee votes counted. He wilfully misrepresents the matter that he took into the courts.

The Supreme Court has declined to advance this case for a hearing, and we submit that if the Supreme Court had thought there was any merit in his petition, the record in the case being a small one, the case would undoubtedly have been advanced and decided. Seeing that there was no merit in the case, the Supreme Court has very properly declined to give it precedence.

So far as the five votes that Galbreath says were in the box at New Smyrna are concerned, this matter never at any time in any manner or form ever came before the County Canvassing Board except when we were named parties defendant in the suit decided by the Circuit Judge against Galbreath. No one knows anything about there being any such ballots in the box, as Galbreath says there are at New Smyrna except Galbreath. How did he expect the County Canvassing Board to count for him five votes at New Smyrna, when there was nothing in the returns of the inspectors to show that there were any such ballots in the box at New Smyrna, and when nobody has ever alleged that there were any such ballots in the box at New Smyrna except Galbreath?

The truth of the situation is simply this, that Galbreath was defeated and he does not seem to be man enough to accept his defeat gracefully. Two of the undersigned were candidates for office in the same primary that Galbreath was a candidate for office, and we were defeated. We accepted our defeat as good losers, and have not charged anyone with stealing the election away from us.

No one has dominated us in the discharge of our official duties of the County Canvassing Board, and Galbreath's unfounded and unjust attack on us is both malicious and untrue.

J. LEE McCRORY,  
County Judge.  
JOHN A. REILLY,  
Chairman Board County Commissioners.  
I. C. HUGHES,  
Former Supervisor of Registration.

## WARNS FARMERS TO HOLD COTTON AND WHEAT FOR INCREASE

(International News Service.)

WASHINGTON, Oct. 29.—"Hold your cotton and wheat, men," is the advice given today to the farmers of the country by Charles Barrett, president of the National Board of Farm Farmers' conference now in session here.

"The time has come for action," said Barrett. "Unrest in this country with the price situation is deeper and more widespread than ever before. Farmers' union officials are being flooded with messages from cotton and grain belts to call for the holding movement."

"Since the government has failed us, we now ask government officials to stop talking price decline and give us a chance to help ourselves," concluded Barrett. He declared the world cannot go much longer without cotton and wheat.
